Dear sport friends,
Futsal, the popular 5-a-side indoor soccer, is a real rising star on the sky of mondial sports.
To organize an professional event for people working in the security business is a niche and has an unique character.
A good organized tournament with a fantastic fair play core is a dream concept and need a lot of energy which is not reserved for everybody. Experienced management is a necessity in this area.
Polician has this experience of 15 year organizing this kind of quality events.
Valldorsala has a long experience of working with football in all forms. From organizing events to training, schooling and logistically hosting clubs all over Spain.
Today I'm proud to announce the joint-venture of both organizations and the birth of a new football event: the first "COPA DEL MAR" which shall be organized in Barcelona, the hart of Catalonia in beautiful Spain.
We like to invite you to be one of the first teams to enjoy this new concept an our hospitality.
See you in the capital of football, Barcelona!

Marc Joos - president of Polician
